

§219.60

§219.52 sets forth which administrative review procedure is to be used.

(b) When a plan amendment is approved in a decision document approving a project or activity and the amendment applies only to the project or activity, the administrative review process of 36 CFR part 215 or part 218, subpart A, applies instead of the objection process established in this subpart. When a plan amendment applies to all future projects or activities, the objection process established in this subpart applies only to the plan amendment decision; the review process of 36 CFR part 215 or part 218 would apply to the project or activity part of the decision.

§219.60 Secretary's authority.

Nothing in this subpart restricts the Secretary of Agriculture from exercising any statutory authority regarding the protection, management, or administration of NFS lands.

§219.61 Information collection requirements.

As such, this subpart contains information collection requirements as defined in 5 CFR part 1320 and have been approved by the Office of Management and Budget and assigned control number 0596-0158.
